## ABOUT ME

Experienced Web Developer with a proven track record of delivering high-quality web applications for over 2 years. Proficient in developing cross-platform applications with React Library and JavaScript. Skilled in responsive layout implementation, and integrating third-party APIs. Strong problem-solving abilities and a passion for creating innovative solutions to meet client needs. Proactive collaborator with excellent communication skills, capable of working effectively in both independent and team-based environments.

## WORK EXPERIENCE

27/10/2023 – 30/04/2024 Peshawar, Pakistan  
**MERN STACK DEVELOPER** TRITECH SOLUTION

- At Tritech Solution, I focused on MERN stack development, using React.js, Tailwind CSS, Bootstrap, and CSS for front-end work, alongside Node.js, Express.js for back-end tasks, and MongoDB for database management.
- Collaborate with cross-functional teams to deliver high-quality solutions, fostering a results-driven work environment.
- Ensure consistency and quality across all web platforms and applications.

10/07/2023 – 20/10/2023 Islamabad, Pakistan  
**JUNIOR BACK END DEVELOPER** TECHEASE SOLUTION

- During my internship at TechEase Solution, I worked as a Back End Developer where I:
- Developed and maintained server-side logic using Node.js.
  - Utilise various Node.js packages including bcrypt, bcryptjs, body-parser, cors, dotenv, express, jsonwebtoken, mongoose, and multer.
  - Designed and managed No SQL databases with MongoDB, and relational databases with MySQL.
  - Implemented robust APIs, optimised schemas, and ensured data integrity and performance.

## EDUCATION AND TRAINING

2019 – 2023 Charsadda  
**BS COMPUTER SCIENCE** Bacha Khan University Charsadda

2017 – 2019 Charsadda  
**FSC PRE-ENGINEERING** Ghazali Science College Chasadda

## PROJECTS

### Wheely Website

- Developed a user-friendly website with account creation and login functionalities.
- Implemented features to show directions to users after account creation and login.
- Used React for a dynamic and responsive user interface.
- Designed with Tailwind CSS for a modern look and feel

### Trittech Website

- Developed single-page and multi-page applications for TriTech Solution Company.
- Used React for a dynamic and responsive user interface.
- Designed with HTML, CSS, Tailwind CSS and Bootstrap for a modern look and feel.
- Ensured seamless user experience across all devices.
- Worked closely with the TriTech team to meet their business needs.

- Portfolio Website

- Designed and developed a personalized portfolio website using React.js and Tailwind CSS.
  - Showcased professional achievements, projects, and skills.
  - Implemented responsive design principles for optimal viewing across devices.
  - Designed to reflect personal branding and professionalism.
- Travel Website

- Developed a Travel website using React, HTML, CSS, and Bootstrap for the front-end.
  - Implemented back-end functionalities with Node.js, utilising MongoDB for data storage. Proficiently utilised essential Node.js packages including bcrypt, body-parser, cors, dotenv, express, jsonwebtoken, mongoose, and multer to enhance functionality and security in project development.
  - Collaborated with teams to enhance user experience and implement features.
- Notes Sharing Website

- Final Year Project (FYP): Developed a notes sharing website using React, HTML, CSS, and Bootstrap for the front-end.
  - Implemented back-end functionalities with Node.js, utilising MongoDB for data storage. Proficiently utilised essential Node.js packages including bcrypt, body-parser, cors, dotenv, express, jsonwebtoken, mongoose, and multer to enhance functionality and security in project development.
  - Collaborated with teams to enhance user experience and implement features.
  - Ensured smooth communication between front-end and back-end with Restful APIs.
